# VASCULAR ACCESS

Welcome to the 2010 CIVCO Medical Solutions Vascular Access catalog, part of our new Ultrasound Imaging Accessories catalog collection.

We are pleased you have chosen CIVCO's high-quality products and look forward to serving you. Our catalog will provide you with quick and easy access to the latest in vascular access products for use with leading ultrasound equipment.

This year we divided our Ultrasound Imaging Accessories catalog into a collection of individualized specialty catalogs in order to better serve our customers. By offering products that meet physicians' specific procedural needs, we hope to make the ordering process quicker and easier.

As a valued customer, CIVCO is committed to providing you with innovative and clinically beneficial products and services. Special care is taken for each and every product going out our door.

For over two decades, CIVCO has been providing imaging accessories to facilities around the world. Our company goal remains the same today, "Total Customer Satisfaction." If you are not completely satisfied with any CIVCO product, please contact one of our customer service specialists and they will be happy to assist you.

Thank you for your business. We look forward to serving you again in the near future.

Safe. Efficient. Guiding Patient Care.

# Featured Solutions

## Extended Length CIV-FLEX™ Covers

Providing patient and staff safety.

Recommended for over two decades as the latex-free cover of choice. The improved telescopic-fold allows for easy application of gel, as well as easy application of the cover onto the transducer.

- Extended length covers offer additional sterile protection
- Available in extended lengths of 36 , 58 and 96 inches
- Select covers offer a three-dimensional "box end"

See page 6 for more details or call toll-free inside the USA at 800.445.6741 or outside the USA at 319.656.4447

## AccuSITE™ Needle Guide

Safe. Efficient. Guiding Patient Care.

The AccuSITE needle guide is designed specifically for guidance in central line placement procedures. Designed for minimizing hospital risks and increasing patient well being, this out-of-plane (OOP) guide improves first time placement success rates.

- First time success rates for accuracy
- Features large funnel for easy needle insertion
- Disposable, single-use guide increases infection prevention
- Available in 18, 20 and 21/22 gauge
- Depths include: .5, 1, 1.5, 2, 2.5, 3 and 3.5cm
- Features colored tab for quick-release function
- U.S. Patent Pending

See page 8 for more details or call toll-free inside the USA at 800.445.6741 or outside the USA at 319.656.4447

**AccuSITE™**  
Guiding Patient Care.

## Infiniti™ Needle Guide

Providing accurate in-plane guidance.

The Infiniti guide offers multiple angle capabilities for shallow and deep access. The open channel design of the guide allows instruments to be positioned in the scan plane, providing a safe, efficient means for ultrasound-guided puncture procedures.

- Single-use design increases infection prevention
- Design allows users an efficient needle release for viewing anatomy in the long axis
- Accepts 14 and 18 or 20, 21/22 and 25 gauge instruments
- U.S. Patent No. 6,379,307

See page 9 for more details or call toll-free inside the USA at 800.445.6741 or outside the USA at 319.656.4447

**infiniti**™  
One Guide. Infinite Possibilities.

## SonoSite L25 Series Needle Guide

Providing clinical confidence for line placement and nerve blocks.

The SonoSite L25 Series needle guide provides a fixed path for visualizing ultrasound-guided vascular access and nerve block procedures. The guide features a mechanism for quick-release detachment of the needle from the guide while maintaining secure needle placement once the targeted depth has been reached.

### **NOW AVAILABLE DIRECT FROM CIVCO!**

- Single-use design reduces risks of cross-contamination
- Snaps onto bracket with single-click, no additional assembly is required
- Colored side tab allows for simple quick-release function
- Available in 18, 21 and 22 gauge
- Depths include: 1, 1.5, 2, 2.5, 3.5 and 4.5cm
- U.S. Patent No. 7,588,541

See page 8 for more details or call toll-free inside the USA at 800.445.6741 or outside the USA at 319.656.4447

### Latex-Free Telescopically-Folded Extended-Length CIV-Flex™ Covers

- Extended lengths of 36" and 58" offer additional sterile protection
- Sterile procedure kits include: transducer cover, sterile gel packet and colored elastic bands

REF. #	PRODUCT DESCRIPTION	QTY.
<b>610-637</b>	Sterile 8.9 x 91.5cm (3.5" x 36") CIV-Flex cover	24
<b>610-1000</b>	Sterile 10.2 x 147cm (4" x 58") CIV-Flex cover	24
<b>610-1064</b>	Sterile 10.2 x 147cm (4" x 58") CIV-Flex cover (3D) (no gel)	24
<b>610-542</b>	Sterile 14 x 91.5cm (5.5" x 36") CIV-Flex cover (3D)	24
<b>610-575</b>	Sterile 14 x 147cm (5.5" x 58") CIV-Flex cover (3D)	24
<b>610-1010</b>	Sterile 17.8 x 147cm (7" x 58") CIV-Flex cover (3D)	24

### Latex-Free Flat-Folded CIV-Flex™ Covers

- Soft, pliable latex-free material
- Offers sterile protection when performing routine puncture and drainage procedures
- Sterile procedure kits include: transducer cover, sterile gel packet and colored elastic bands

REF. #	PRODUCT DESCRIPTION	QTY.
<b>610-323</b>	Sterile 6 x 91.5cm (2.5" x 36") CIV-Flex cover	24
<b>610-001</b>	Sterile 8.9 x 61cm (3.5" x 24") CIV-Flex cover	24
<b>610-002</b>	Sterile 14 x 61cm (5.5" x 24") CIV-Flex cover (3D)	24
<b>610-004 (04510947)</b>	Sterile 17.8 x 61cm (7" x 24") CIV-Flex cover	24
<b>610-005</b>	Sterile 22.9 x 61cm (9" x 24") CIV-Flex cover	24

**NEW!**

### Super-Extended Length Latex-Free CIV-Flex™ Covers

- The new 96" cover provides complete transducer sterility from transducer array to connector
- Ultrasound covers improve patient infection control rates by preventing cross-contamination at minimal cost per procedure
- Sterile procedure kits include: transducer cover, sterile gel packet and colored elastic bands

REF. #	PRODUCT DESCRIPTION	QTY.
<b>610-1119</b>	Sterile CIV-Flex cover kit 10.16 x 243.84 cm (4" x 96") CIV-Flex cover	24
<b>610-1120</b>	Sterile CIV-Flex cover kit 14 x 234.84 cm (5.5" x 96") CIV-Flex cover	24
<b>610-1121</b>	Sterile CIV-Flex cover kit 17.8 x 234.84 cm (7" x 96") CIV-Flex cover	24

### Latex-Free Telescopically-Folded Tapered CIV-Flex™ Covers

- Recommended for small footprint transducers
- Form-fitting cover extends sterile field for routine puncture and drainage procedures
- Cover kit includes: sterile cover, gel packet and colored elastic bands

REF. #	PRODUCT DESCRIPTION	QTY.
<b>610-999</b>	Sterile 11.9 tapered to 3.8 x 91.5cm (4.7" tapered to 1.5" x 36") CIV-Flex cover	24

### Latex-Free iVAS™ Vascular Access Transducer Cover

- Recommended for vascular access procedures including PICC, CVC and femoral artery placement
- Expands sterile field up to 58" (147cm)
- Telescopically-folded and easily opened
- Cover kit includes: sterile iVAS cover, gel packet and colored elastic bands

REF. #	PRODUCT DESCRIPTION	QTY.
<b>610-989</b>	Sterile 15.2 x 147cm (6" x 58") polyethylene transducer cover (1 mil)	24

### Latex-Free Polyethylene Covers

- Economically-priced
- Safe means for reducing cross-contamination
- Select covers offer 3D "box end"
- Covers packaged with sterile gel packet and colored elastic bands

REF. #	PRODUCT DESCRIPTION	QTY.
<b>610-013</b>	Sterile 5 x 61cm (2" x 24") polyethylene cover	24
<b>610-015</b>	Sterile 10.2 x 61cm (4" x 24") polyethylene cover (3D)	24
<b>610-1050</b>	Sterile 15.2 x 25.4cm (6" x 10") polyethylene cover (no gel)	24
<b>610-208</b>	Sterile 15.2 x 83.8cm (6" x 33") polyethylene cover (1 mil)	24
<b>610-020</b>	Sterile 17.8 x 61cm (7" x 24") polyethylene cover	24
<b>610-022</b>	Sterile 22.9 x 61cm (9" x 24") polyethylene cover	24

### Latex Covers

- Rolled for easy application to a variety of transducers
- Extended lengths available
- Offers sterile coverage during general puncture and drainage procedures
- Packaged with sterile gel packet and colored elastic bands

REF. #	PRODUCT DESCRIPTION	QTY.
<b>610-042</b>	Sterile 4 x 30cm (1.6" x 11.8") latex cover	24
<b>610-043</b>	Sterile 5 x 30cm (2" x 11.8") latex cover	24
<b>610-044</b>	Sterile 8 x 45cm (3.2" x 18") latex cover	24
<b>610-046</b>	Sterile 10 x 45cm (3.9" x 18") latex cover	24

Vist [WWW.CIVCO.COM](http://WWW.CIVCO.COM) for a complete listing of ultrasound covers.

**Now Available from CIVCO!**

## SonoSite L25 series Needle Guides

*For use with SonoSite L25 series transducers*

- L25 needle guide allows for accurate short axis needle placement
- Repeatable, easy-to-use "quick-release" feature for detachment of guide provides physician flexibility during puncture procedures
- Accepts 18, 21 and 22GA instruments
- Latex-free replacement kits include: sterile needle guides, transducer cover, gel packet and bands
- U.S. Patent No. 7,588,541

REF. #	PRODUCT DESCRIPTION	QTY.
<b>P09072 (P06014)</b>	Sterile needle guides (1.5cm, 2.5cm, 3.5cm, 4.5cm depths) with 10.2 x 147cm (4" x 58") telescopically-folded CIV-Flex cover, gel packet and bands. 18 gauge only. (Blue)	24
<b>P09073 (P06015)</b>	Sterile needle guides (1cm, 1.5cm, 2cm depths) with 10.2 x 147cm (4" x 58") telescopically-folded CIV-Flex cover, gel packet and bands. 21 gauge only. (Teal)	24
<b>P09074 (P06016)</b>	Sterile needle guides (1cm, 1.5cm, 2cm depths) with 10.2 x 147cm (4" x 58") telescopically-folded CIV-Flex cover, gel packet and bands. 22 gauge only. (Black)	24

## AccuSITE™ Disposable Transverse Needle Guides

- Accurate needle and catheter placement helps minimize hospital risk and improves patient outcomes
- Intuitive needle guide design offers users a single-click assembly and the guide is ready for use---no additional assembly is required
- Easy-to-read, color-coded gauge sizes and depths make it simple to identify the proper depth in a darkened room
- Accepts 18, 20 and 21/22GA instruments and includes depths of .5, 1, 1.5, 2, 2.5, 3 and 3.5cm
- Latex-free replacement kits include: sterile needle guides, transducer cover, gel packet and bands
- U.S. Patent Pending

REF. #	PRODUCT DESCRIPTION	QTY.
<b>610-1017</b>	Sterile AccuSITE needle guide with 14 x 147cm (5.5" x 58") CIV-Flex cover (3D)-18 gauge only. (Pink)	24
<b>610-1030</b>	Sterile AccuSITE needle guide with 14 x 147cm (5.5" x 58") CIV-Flex cover (3D)-18 gauge only. (Pink)	Demo Kit
<b>610-1018</b>	Sterile AccuSITE needle guide with 14 x 147cm (5.5" x 58") CIV-Flex cover (3D)-20 gauge only. (Yellow)	24
<b>610-1031</b>	Sterile AccuSITE needle guide with 14 x 147cm (5.5" x 58") CIV-Flex cover (3D)-20 gauge only. (Yellow)	Demo Kit
<b>610-1019</b>	Sterile AccuSITE needle guide with 14 x 147cm (5.5" x 58") CIV-Flex cover (3D)-21/22 gauge only. (Green)	24
<b>610-1032</b>	Sterile AccuSITE needle guide with 14 x 147cm (5.5" x 58") CIV-Flex cover (3D)-21/22 gauge only. (Green)	Demo Kit

### Disposable Aquaflex® Acoustic Standoff Pads

- Provides a fixed 2cm depth for visualizing difficult superficial structures
- Bacteriostatic and hypoallergenic
- Moist, flexible, easy-to-use pads require no additional gel
- Disposability eliminates risk of cross-contamination and the need for sterilization

REF. #	PRODUCT DESCRIPTION	QTY.
610-113	Disposable Aquaflex gel pads (Ref. # 04-02)	6

### Reusable Acoustic Standoff Pads

- Reusable standoff pads in two fixed depths
- Suitable for most ultrasound transducers
- Provide compliant surface for adjusting the focal zone
- Easily cleaned with soap and water
- Will not melt, freeze or dry out under normal use

REF. #	PRODUCT DESCRIPTION	QTY.
610-459	Acoustic standoff, 1 x 10 x 15cm (.4" x 4" x 6")	1
610-460	Acoustic standoff, 2 x 10 x 15cm (.8" x 4" x 6")	1

### Sterile Hydrosan® Couplant Sheet

- Disposable, sterile gel in sheet form
- Provides protective barrier between the transducer and the patient's skin
- Used for scanning open wounds and other sensitive, open areas
- Packaged in laminated foil packs
- 4" x 6" sheets intended for therapeutic and diagnostic ultrasound applications

REF. #	PRODUCT DESCRIPTION	QTY.
610-346	Sterile Hydrosan couplant sheets, 10 x 15cm (4" x 6")	5

### SQUEEZE-MARK® Surgical Markers

- Unique squeezable barrel provides continuous flow for writing over wet prep solutions
- Available in highly visible, scrub-resistant, gentian violet ink

REF. #	PRODUCT DESCRIPTION	QTY.
610-746	Sterile SQUEEZE-MARK skin marking pen-medium tip	100
610-1108	Sterile SQUEEZE-MARK skin marking pen-medium tip	100

## Ultrasound Transducer Holder

For use with the CIVCO Positioning Arms

- Positions transducer in a fixed location for an extended period of time
- Reduces risks of repetitive stress injuries
- Autoclavable holder is ideal for performing diagnostic and therapeutic procedures
- U.S. Patent No. 7,395,563

REF. #	PRODUCT DESCRIPTION	QTY.
<b>811-001</b>	Non-sterile positioning arm kit with positioning arm 32.4" (82.3cm) (Ref. # 810-200), rail adapter- 90 degree, 1.1" x .38" (2.8cm x 1cm) (Ref. # 810-106), multi-purpose holder (Ref. # 810-202) and sterile 25.4 tapered to 5.1 x 121.9cm (10" tapered to 2" x 48") telescopically-folded CIV-Flex cover with Quick-Mount™ perforation (5) (Ref. # 610-932)	1
<b>811-002</b>	Non-sterile positioning arm kit with positioning arm 32.4" (82.3cm) (Ref. # 810-200), table adapter 1" (2.5cm) (Ref. # 810-100), multi-purpose holder (Ref. # 810-202) and sterile 25.4 tapered to 5.1 x 121.9cm (10" tapered to 2" x 48") telescopically-folded CIV-Flex cover with Quick-Mount perforation (5) (Ref. # 610-932)	1
<b>811-003</b>	Non-sterile positioning arm kit with positioning arm-extended length, 40.4" (102.6cm) (Ref. # 810-205), rail adapter- 90 degree, 1.1" x .38" (2.8cm x 1cm) (Ref. # 810-106), multi-purpose holder (Ref. # 810-202) and sterile 25.4 tapered to 5.1 x 121.9cm (10" tapered to 2" x 48") telescopically-folded CIV-Flex cover with Quick-Mount perforation (5) (Ref. # 610-932)	1
<b>811-004</b>	Non-sterile positioning arm kit with positioning arm-extended length, 40.4" (102.6cm) (Ref. # 810-205), table adapter 1" (2.5cm) (Ref. # 810-100), multi-purpose holder (Ref. # 810-202) and sterile 25.4 tapered to 5.1 x 121.9cm (10" tapered to 2" x 48") telescopically-folded CIV-Flex cover with Quick-Mount perforation (5) (Ref. # 610-932)	1

## Transducer Storage Rack & Stabilizer

For use with Philips HD11, HDI 4000, HDI 5000, iU22 and iE33, and Siemens Antares transducers

- Provides a safe, convenient storage location for endocavity and general purpose transducers
- Sturdy, metal rack supports up to four transducers and four stabilizers
- Wall mounting hardware included
- Transducer stabilizer sold separately

REF. #	PRODUCT DESCRIPTION	QTY.
<b>610-942</b>	Transducer storage rack	1
<b>610-957</b>	Transducer stabilizer	1

**NEW!**

## Transducer Storage Rack & Stabilizer

For use with GE Healthcare and Siemens (excluding Antares) transducers

- Provides a safe, convenient storage location for endocavity and general purpose transducers
- Sturdy, metal rack supports up to four transducers and four stabilizers
- Wall mounting hardware included
- Transducer stabilizer sold separately

REF. #	PRODUCT DESCRIPTION	QTY.
<b>742-367</b>	Transducer storage rack	1
<b>610-957</b>	Transducer stabilizer	1

### Latex-Free Surgi™ Intraoperative Covers

- Polyethylene cover accordion-folded for easy application to transducers
- Extends up transducer and cord 2.4 meters (eight feet) for additional sterile protection
- Flat-folded cover also available
- Select covers include gel packets and colored elastic bands

REF. #	PRODUCT DESCRIPTION	QTY.
<b>610-023</b>	Sterile 15.2 tapered to 7.6 x 244cm (6" tapered to 3" x 96") accordion-folded cover (no gel)	12
<b>610-367</b>	Sterile 15.2 tapered to 7.6 x 244cm (6" tapered to 3" x 96") accordion-folded cover	12
<b>610-217</b>	Sterile 15.2 tapered to 7.6 x 244cm (6" tapered to 3" x 96") flat-folded cover	24

### Latex-Free Surgi™ with Nose Cone Intraoperative Covers

*For use with Philips (ATL Ultrasound) Access A, B, C, 725B and WAAA Transducers*

- Includes customized nose cone for scanning
- Extends up transducer and cord 2.4 meters (eight feet) for additional sterile protection
- Individually packaged with gel packet, colored elastic bands and polyethylene nose cone

REF. #	PRODUCT DESCRIPTION	QTY.
<b>610-664</b>	Sterile 15.2 tapered to 7.6 x 244cm (6" tapered to 3" x 96") accordion-folded cover with nose cone (small)	10
<b>610-665</b>	Sterile 15.2 tapered to 7.6 x 244cm (6" tapered to 3" x 96") accordion-folded cover with nose cone (large)	10

### Latex-Free Intraoperative Cord Covers

- Cord cover and system drape provides wide sterile field
- Probe clips and colored elastic bands included with all cord covers
- Adhesive tape included with each system drape

REF. #	PRODUCT DESCRIPTION	QTY.
<b>610-024</b>	Sterile 7.6 x 244cm (3" x 96") polyethylene cord cover	24
<b>610-025</b>	Sterile 76 x 76cm (30" x 30") polyethylene system drape	24

Visit [WWW.CIVCO.COM/ULTRASOUND](http://WWW.CIVCO.COM/ULTRASOUND) for printers, print media, and accessories.

### Latex-Free Surgi-Tip™ Intraoperative Covers

- Provides snug fit to small footprint transducers
- Accordion or telescopically-folded for easy application
- Extended sterile coverage for transducer and cord
- Covers include: sterile gel packet, probe clips and colored elastic bands

REF. #	PRODUCT DESCRIPTION	QTY.
<b>610-833</b>	Sterile 15.2 x 244cm (6" x 96") poly telescopically-folded cover with attached 3cm (1.2") latex-free NeoGuard tip with clips	12
<b>610-1072</b>	Sterile 15.2 x 244cm (6" x 96") accordion-folded cover with attached 3cm (1.2") latex-free NeoGuard tip with clips	12
<b>610-834</b>	Sterile 20.3 x 244cm (8" x 96") poly telescopically-folded cover with attached 6cm (2.4") latex-free NeoGuard tip with clips	12

### Latex-Free Surgi-Boot™ Intraoperative Covers

*For use with Biosound Esaote Omni, GE Healthcare i12L, Philips (ATL) CL10-5, CL15-7, Siemens VF13-5SP, SonoSite HST and SLA/13-6 Series*

- Extends field of sterile protection against cross-contamination
- Latex-free, form-fitting tip provides snug fit to small footprint transducers
- Individually packaged with sterile gel packet and colored elastic bands

REF. #	PRODUCT DESCRIPTION	QTY.
<b>610-797</b>	Sterile 15.2 x 244cm (6" x 96") poly telescopically-folded cover with attached form-fitting latex-free NeoGuard tip	12

**NEW Design!**

### **Office Hours**

Monday-Friday, 7:00 a.m. - 5:30 p.m., CST.

To place an order after business hours, leave a voice mail telephone message or visit CIVCO's website. A customer service specialist will notify you on the next working day for order verification.

***Complete Warranty Available Online  
at [WWW.CIVCO.COM](http://WWW.CIVCO.COM)***

### **Payment Terms**

Unless otherwise agreed by CIVCO in writing, all payments are due in full net thirty (30) days from date of invoice, in United States dollars, subject to approved credit at the time of order invoicing. Payment terms shall not be affected by any delay in installation or acceptance. Partial shipments will be billed as made and payable upon the terms above. No discount for early payment is authorized without CIVCO's written consent. CIVCO reserves the right to change its terms of sale or to require prior payment, letter of credit or COD when, in the opinion of CIVCO, the financial condition or previous payment record of any Purchaser so warrants. CIVCO shall not be obligated to extend credit to any Purchaser. Should a Purchaser become delinquent in any payment due, CIVCO shall be entitled, without notice, to suspend performance until the delinquency has been corrected. CIVCO shall retain a purchase money security interest in all Products sold, and proceeds thereof, until receipt of full payment in accordance with the terms hereof.

### **Transportation, Packing & Shipment Terms**

Unless otherwise specified in CIVCO's order acknowledgement, Products will be shipped using CIVCO's designated carrier, CIP Destination, per Incoterms 2000, with all transportation, freight, insurance and similar charges, including all taxes, fees and import/export duties, at the expense of Purchaser. All such charges, taxes, and fees may be prepaid by CIVCO and added to Purchaser's invoice. Products shall be packaged for shipment in accordance with standard commercial practices; however, CIVCO shall not be responsible for delays or damages in shipment via a common carrier. Title to the Products and risk of loss shall pass to the Purchaser upon issuance of the carrier's bill of lading. CIVCO shall make reasonable efforts to deliver accepted orders promptly, and shall notify Purchasers of the reason for any delayed shipment. It is understood, however, that dates indicated for delivery or performance represent CIVCO's best

current estimates only and failure to perform on or by such dates shall not subject CIVCO to liability.

### **Quotations & Prices**

All quotations furnished by CIVCO expire 90 days from the date thereof. All quotations constitute offers, and may be revoked or revised by CIVCO by written notice at any time prior to acceptance, except that quotations to non-U.S. customers are solicitations for offers to purchase. Clerical or typographical errors are subject to correction. Quoted prices and delivery dates are subject to product availability and receipt of prior orders, and prices are valid only for the quantities and payment schedule specified. Prices do not include, and Purchaser shall be responsible for, any applicable sales, use, excise, property, customs and similar taxes or duties. Purchaser shall also be responsible for itemized costs of transportation, special packaging, inspection charges, and insurance.

### **Claims, Shortages or Damages**

Please open all shipments immediately and inspect for concealed damages, shortages or errors. If goods were damaged in shipping, please hold the package and request a carrier inspection and claim form. Please report any shortages or errors to your CIVCO customer service specialist within 30 days of receipt of shipment to arrange an authorized exchange.

### **Notice**

Not all products available for international sale.

### **Sample Request**

Free non-sterile samples are available on selected products. Samples are provided for sizing and fit purposes only and are not authorized for use in clinical procedures.

### **Return Policy**

Product returns (excluding product recalls) shall be subject to CIVCO's product return policies, as in effect from time to time, and a minimum 20% restocking charge. All returned Product must be unused, in the original packaging, and in good condition with no defects or damage caused by Purchaser, its employees, officers, directors, agents, representatives or affiliates. Purchasers must obtain return authorization and instructions from CIVCO prior to returning any Product, including any Non-Conforming Product (any product not meeting CIVCO specifications as defined in CIVCO technical files). No Product may be returned if such Product has expired according to Product labels, if the seal or package integrity has been compromised, or if such Product or has not been used, handled or stored in accordance with CIVCO's quality control guidelines. Custom Product may be returned only if approved in writing by CIVCO and only upon payment of a reasonable restocking charge, which shall include but not be limited to tooling and development expenses incurred by CIVCO in connection with such Custom Product.

### **Privacy Policy**

CIVCO's Commitment to Privacy Protection. Protecting the security and privacy of your personal information is important to CIVCO and to the way we conduct our business in compliance with laws on privacy, data protection and data security. We hope the policy outlined will help you understand what information CIVCO may collect, how CIVCO uses and safeguards that information and with whom we may share it.

When you provide CIVCO with personal information, it is used to respond to your inquiry, process your order or provide you access to specific account information. Also, is it used to support our customer relationship with you. The information is stored and processed and shared with CIVCO worldwide affiliates to better understand your business needs and how we can improve our products and services; or CIVCO may use personal information to contact you about a CIVCO offer in support of your business needs or to conduct online surveys to better understand our customers' needs. If you choose not to have your personal information used to support our customer relationship, we will respect your choice. We do not sell, rent or otherwise market your personal information to third parties.

### **Copyright Statement**

All information provided in this catalog is protected by copyright. It is prohibited to copy, process, modify or commercially distribute this information without the express written permission of CIVCO.

The information herein provided is for general informative purposes only and no warranties or representations are made with respect thereto. Information in this catalog is prepared on the basis of the best information available at the time of publication. The catalog was accurate at the time of printing, but is subject to change as deemed appropriate by CIVCO. The information provided is subject to change at any time and without notice. Changed information may include, but is not limited to technical and commercial changes and changes in pricing. Binding declarations are only given after detailed inquiries.

### **Quality Standards**

CIVCO achieved ISO certification in 1996. This international standard recognizes a commitment to quality in design, product development, manufacturing and customer service. CIVCO is currently a registered medical device establishment with the USA Food and Drug Administration and the CMDCAS-Canadian Medical Device Regulations. CIVCO is also certified to ISO 13485:2003 and Medical Device Directive 93/42 EEC requirements. Compliance with these regulations demonstrates CIVCO's commitment to providing the highest quality products and services to its customers. CIVCO's ISO certifications and assessments are performed on a regular basis by SGS United Kingdom Ltd. Systems & Services Certification.
